PROGRAM OVERVIEW

BEGINNER-An introduction to the fundamentals of dance. Through imagery and 'play', student are taught the principles of body alignment, positions of the feet, arms, directions, simple combinations, weight transfers and simple class expectations.

INTERMEDIATE- With the basics learned, classes move on to a more progressive structure - pre-barre warm-up, barre (combinations that develop strength and flexibility with the help of a fixed weight point), center, diagonal and more longer combinations using the BASICS.

APPRENTICE-Musicality, attention to detail, awareness of sudden shifts of directions are emphasized. PrePointe & Pointe Work are introduced, together with Variations, dances from established classical works, necessary to a dancer's training to meet established standards in the dance world.

PREPROFESSIONAL- Musicality and Stylistic Awareness are explored further together with different styles of Classical Ballet-Vaganova, Bournonville, Cecchetti and Balanchine. Styles of Modern Dance, Jazz, Theatre Dance are also introduced together with the technical and stylistic challenges of the Classical and Contemporary Dance Repertoire. Students are guided in handling choices of career or related careers in the performing arts
